

# JROTC cadets head to Ft. Benning for cadet training

Francisco Martinez

JROTC cadets packed their bags and headed to Georgia to the army post Fort Benning. It was a fun time for most of them to experience an army post that is still active with it supporting one hundred and twenty thousand active military, family members, reserve component soldiers, retirees and civilian employees. "The trip to Ft. Benning was tremendous. Ten out of ten would sign up to go there again" says cadet Matejka With this trip it possibly took two days so they had to stay at a near a motel called Best Western Plus.

With all those Annette charter buses, who filled up all the seats? Forty two of the cadets went on this trip; Maria Aguilera-Benitez, Martha Agustin, Marshall Altamirano, Rachel Berndt, Ashlyn Billings, Olivia Bolstein, Lynzee Bowling, Rebecca Brown, Shane Callahan, Hailie Cox, Macey Crews,

Savana Crites, Deacon Defilippo, Dakota Gearheart , Brianna Gibson, Kayla Gibson, Jose Gonzalez, Toni Grueber, Adam Harvey, Caleb Hilgeman, Amber Hodges, Alex Keene, Daniel Larkin, Patsy Matejka, Tiffany Mayfeild, Daniela Mendoza-Moreno, David Neads, Jenette Parker, Elizabeth Pedroza, Jonathan Perez, Damian Peierce, Carlos Ramirez, Hanna Robertson, Juan Rubio, Rodrigo Santiago, M'alee

Sauvey, Ethan Surface, Breanne Tew, Zoey West,

David Wilson, Aron Wortkoetter. "It was fun. Not much that we did but we did see a ranger show do a bunch of cool tricks and they kept dropping explosives in to the lake by helicopter" says cadet West

The cadets have plans for this spring break with a field trip to Universal on March 18.

Caleb Hilgeman, Caleb Weeks, and Alex Keene, look back on their trip to Fort Benning. Forty-two students attended the trip.

# Happy Death Day 2U strike cinemas in a slasher genre parallel universe

Iyona Wesley

A second mystery thriller sequel of the film, Happy Death Day, was released as a PG-13 movie on February 13, 2019. Trapped in a parallel universe with friends and fellow students finding different version of themselves, Tree Gelbman, who is played by actress Jessica Rothe, finds herself again a target of a mask killer on her birthday. Being threatened with killer going after her loved ones, Gelbman realizes that she must die over and over again to save their lives and to get closer to finding out who the murderer is.

graphic/ www.comingsoon.net

Death Day 2 was directed by Christopher Landon, produced by Jason Blum, and filmed at Loyola University, New Orleans, with a budget of 9 million US dollars. Actors and actresses such as Israel Broussard from To All the Boys I've Loved Before, Jessica Rothe, Ruby Modine, Suraj Sharma, and Charles

Aitken are starred in the 2019 film. The beginning of the film started off a little all over the place. One part about the beginning that was very interesting was the way they had Tree Gelbman recap on what happened in the first film. Although the movie was part of the slasher genre, a subgenre in horror it

was just a busier fun sequel than any other slasher movie. After finding out who her killer was at the end of the movie, Tree Gelbman ended up saving her friends' lives and herself from the murderer. Overall the PG-13 film was more of a comedy with a pinch of mystery. It's unique and colorful in its own way.

# James Charles collaborates with Morphe

Zitaly Ramirez

Today we live in an age where makeup is popular. There are many brands for instance L'Oreal, Maybelline New York, CoverGirl, Dior, Sephora. There are also many who are creating makeup, one of the people are James Charles. James Charles along with Morphe made a pallet called James Charles X Morphe Palette.

graphic/ www.morphebrushes.com

The relase date was November 13th, 8am on Morphe.com and November 16th at Ultra Locations. The price for a palette is \$39. You can also purchase the James Charles brush set is \$149 but it is separate. The palette has 40 shades all different. On the web-

site Morphe.com it has almost 5 stars, 4.8 to be exact. It also states that its best uses are for going out, Smokey eye, natural

look or an everyday look. So far the reviews have been good in fact when I tried to see if I could purchase one myself, there were all sold out. There have been many reviews especially on the website Morphe.com. So far there are over 2,167 reviews most of them are on how the palette has great colors, is long lasting, highly

pigmented and applies smoothly and also some complaints about how it doesn't blend well, difficult to apply and flakes.

You can also find reviews on Youtube where many youtubers try it on. Some youtubers who have reviewed it on the reviews are Nikkietutorials, Laura Lee, Jaclyn Hill, and Tati. James

Charles himself has made a video on it talking about how you can do almost any look and showing some.

He also made a review of a fake palette, how it had different colors, and the cover was different etc. and to be careful and make sure yours is not a fraud.
